HARDY PERENNIALS

These desirable hardy plants give the garden picture color. From the early Spring with little tufts blue and yellow of the Alyssum and Phlox the show goes on with bolder masses of breathtaking beauty. Columbines, Bleedinghearts, Doronicums are followed up by the dazzling splendor of the newer Oriental Poppies, the Liliums and Hemerocalis, not overlooking the Delphinium with their stately spikes and infinite tints of lavenders, rose and blues. Anemones, Asters, Chrysanthemums and Aconites are just a few more with which to build the undreamed of vistas with their irresistible appeal and splendor.
